

# VT-8POD48V

8 Port Outdoor PoE Unmanaged Power over Ethernet Switch

[preliminary specs]

VITEKCCTV.COM  
(888) VITEK-70

## OVERVIEW

Space Efficient and Cost Effective Outdoor rated PoE Switch for remote IP camera Power with Status Indicator Light. Lightweight yet Durable ABS Plastic construction with Lightning Protection Circuit.

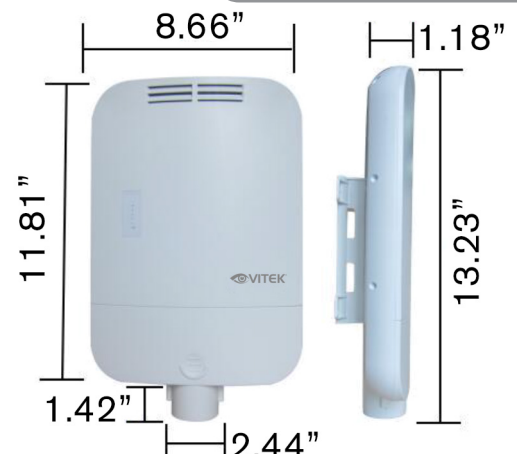

## KEY FEATURES

- 8 Port Outdoor PoE Unmanaged Switch
- IP1717B Chipset
- 1 (Additional) Uplink Port
- IEEE802.3 / u / x / at, IEEE802af PoE Standards
- 1.8Gbps Backplane Bandwidth
- Light and Durable ABS Shell with Anti-UV Coating
- Indicator Light Provides Real-Time Status of Operation
- Space Efficient Design
- Horizontal Hatched Slats on Front Provide Airflow while Protecting against the Elements
- Wind and Water Proof, IP65 Ingress Protection
- Impact and Shock Resistant
- Lightning Protection
- 3-Year Warranty

## SPECIFICATIONS

Chipset	IP1717B
Standard	IEEE802.3, IEEE802.3u, IEEE802.3x, IEEE802af, IEEE802.3at
Layer 2 Switching	Backplane Bandwidth: 1.8Gbps Packet Forwarding Speed: 12.96Mbps All Ports Speed Forwarding
Port	8 x 10/100M Ethernet Port PoE + 1 x 10/100M UPLINK Port
Power Voltage	Voltage 8 x PoE port with 802.3af/at standard
Power Input	DC 48-57V
Power Consumption	4W (Standby Situation)
Max Output Power	13.5W (single port)
MAC Address Table Size	4K
Other Features	EEE 802.3x traffic control under Full-Duplex mode, Storm control based on the data transmission speed of the port, PPS-based storm control
VLAN	Turn on the VLAN button in the panel and 8 PoE ports will be isolated from each other but available to communicate with the UPLINK port. When VLAN is off, 9 ports can communicate with each other.
Operating Temperature	-4 ~ 140°F / -20 ~ 60°C
Storage Temperature	-58 ~ 176°C / -50 ~ 80°C
Ingress Protection	IP65
Humidity	≤10~90% (non-condensed)
Dimensions	11.81 x 8.66 x 1.18" / 300 x 220 x 30MM
Weight Net (Gross)	2.65lbs / 42.33oz / 1.2kg (3.09lbs / 49.34oz / 1.4kg)
Pkg. Contents	1 x VT-8POD48V, 1 x Ring, 1 x Manual
